### **HELPFUL HINTS TO KEEPING YOUR DSP**

The list below was created to help you have positive, valuable and long-lasting experiences with each DSP that provides services to you. By following these guidelines and helpful hints, DSPs will appreciate the working relationship with you that much more. This list was generated from experiences DDR and our DSPs/Consumers have had over the years.

- Communicate clearly with your DSP about your expectations, rules, schedule, etc. Encourage your DSP to ask questions if he/she is not sure about something.
- Set up a notification procedure (method and timeline), ahead of time, should you need to cancel with your DSP. Find out what kind of advance notice your DSP appreciates.
- If you give a house key to your DSP, please notify DDR that this has been done.
- Please keep DDR apprised of your use of hours and any changes – DDR can help to minimize any misunderstandings regarding the services being provided and/or any misuse of the services/hours.
- Please keep in mind that your DSP has made commitments to the services and hours agreed upon and they are counting on that income, as you are counting on the services being provided.
- Please do not ask your DSP to do any unreasonable driving of your son/daughter to outings/activities.
- Please do not ask your DSP to take your son/daughter to appointments that are your responsibility.
- Please adhere to the agreed upon begin and end times of the schedule so that your DSP can go about his/her day/night as planned.
- Please keep in mind that DSPs are working to earn a living, and they understand that at times taking a Consumer to an outing/activity may involve a fee for the DSP. If you want your DSP to take your son/daughter to an outing or activity that requires the DSP to pay a fee, and you are financially able to cover the DSP's fee, he/she would most likely be greatly appreciative. This is not required, but suggested.
- Please make sure your DSP has all the necessary tools necessary to perform the functions of the service(s) being provided. This could include money, medications, ID/emergency contact information, water and that your son/daughter has the appropriate clothing and footwear, diapers and emergency contact information for you.

## HELPFUL HINTS TO KEEPING YOUR DSP, pg 2

- Please do not ask your DSP(s) to provide more than 12.75 hours of Respite in one calendar day (consecutive or non-consecutive hours) **unless you have already contacted DDR's Director for a Respite, Daily (RSD) prior authorization and that authorization has been received from DDD.** Providing more than 12.75 hours of Respite in one day without RSD approval is a violation of company policy and may result in a) DDR billing you for the unauthorized hours worked by the DSP(s) and/or, b) disciplinary action against your DSP(s).
- DSPs are not trained in medication administration – contact DDR for policies and procedures in getting your DSP authorized and trained to administer medications.
- DSPs are not trained in how to administer medical treatments on a PRN basis, nor are they authorized to do so. Please do not ask your DSP to administer medical treatments – contact DDR for policies.
- DSPs cannot place your son/daughter in a time out, even if you approve and direct them to do so. Article 9 prohibits such disciplinary measures.
- Contact DDR for any questions regarding the services or clearances your DSP is authorized to provide. Not all DSPs are trained or authorized to provide all services (including transportation). This will eliminate misunderstandings or billing for unauthorized services.
